

The Ontario Municipal Knowledge Network (www.OMKN.ca)

Sharing Information to Improve Services

Challenge

The Ontario Municipal Knowledge Network (OMKN) is a web-based portal, operated by the Association of Municipalities of Ontario and funded by the Government of Ontario (Canada) that captures and shares information on leading practices in municipal operation and service delivery. The OMKN mission is to develop a culture of municipal innovation and leadership in Ontario.

Solution

The OMKN actively monitors the development of best and leading practices in other municipal jurisdictions worldwide and municipal innovations that have been successfully implemented in a wide range of operational and service delivery areas and partners with other local government organizations to provide information to the municipal sector.

Results

Our planned results are improved local government decision making on operational and service delivery issues to improve municipal performance and value for taxpayers.

Target Markets

The Ontario municipal sector and local government more generally.
